BIP/IW EXCHANGING GOOD PRACTICES IN THE INTERNATIONAL EDUCATION FIELD

The University of Huelva organizes a BIP/IW focused on international education both from an academic and institutional perspective. Staff from IO and lecturers interested in internationalization are welcome to join this BIP

As a PIONEER Alliance member, the UHU will try to promote internalization (WP2) and outline an International Plan that establishes the common features among the PIONEER member institutions.

With this BIP programme the University of Huelva plans to design the implementation of a common strategy that will allow the Consortium members, as well as common universities and institutions, to work on an international model promoting not only the usual Erasmus+ Programme exchanges but also a possible staff scheme to foster the internationalization of its staff members.

Participants: administrative staff from International Relations Offices and academic staff with experience and/or interest in the internationalisation field

Application deadline: January 30th

Information: <https://www.uhu.es/internacionalizacion/bipiw-2024-2025>

Application form: <https://www.uhu.es/internacionalizacion/form/semana-internacional-bips>

Please refer to the attached programme for further information and do not hesitate to contact drinter07@sc.uhu.es should you have any questions.

We are looking forward to welcoming all participants in Huelva next March!

Kind regards,
